The Department of Mathematics, Faculty of Science and Technology (FST), ICFAI Foundation for Higher Education, Hyderabad, celebrated National Mathematics Day on 22nd December 2025, commemorating the birth anniversary of the legendary Indian mathematician Srinivasa Ramanujan Aiyangar.

The event was graced by Prof. K. L. Narayana, Director, FST, who served as the Chief Guest for the programme. A special guest lecture was delivered by Dr. J. R. Nayak, Professor of Mathematics on "Fibonacci Numbers, Nature, Symmetry, and Beauty: A Journey through Mathematics and Natural Beauty."

The lecture highlighted the profound connections between mathematical patterns and natural phenomena, inspiring students to appreciate the elegance and applicability of mathematics beyond the classroom.

Faculty members and staff of FST actively participated in the celebration, contributing to the academic and cultural significance of the event. As part of the programme, a Mathematics Quiz was conducted for the young minds of IcfaiTech (FST) students.

Around 40 students enthusiastically participated, showcasing their mathematical aptitude and problem-solving skills.

The programme was successfully coordinated by Dr. T. Divya, with the support and cooperation of other faculty members of the Department of Mathematics. The celebration concluded on a high note, reinforcing the importance of mathematics in intellectual development and honoring the enduring legacy of Srinivasa Ramanujan.
