## From the Director`s Desk

**September 2024**

I am delighted to share a glimpse of our esteemed faculty members' remarkable achievements and scholarly contributions in July. With immense pride, I acknowledge the dedication and intellectual expertise demonstrated by our faculty members, which not only enriches our academic environment but

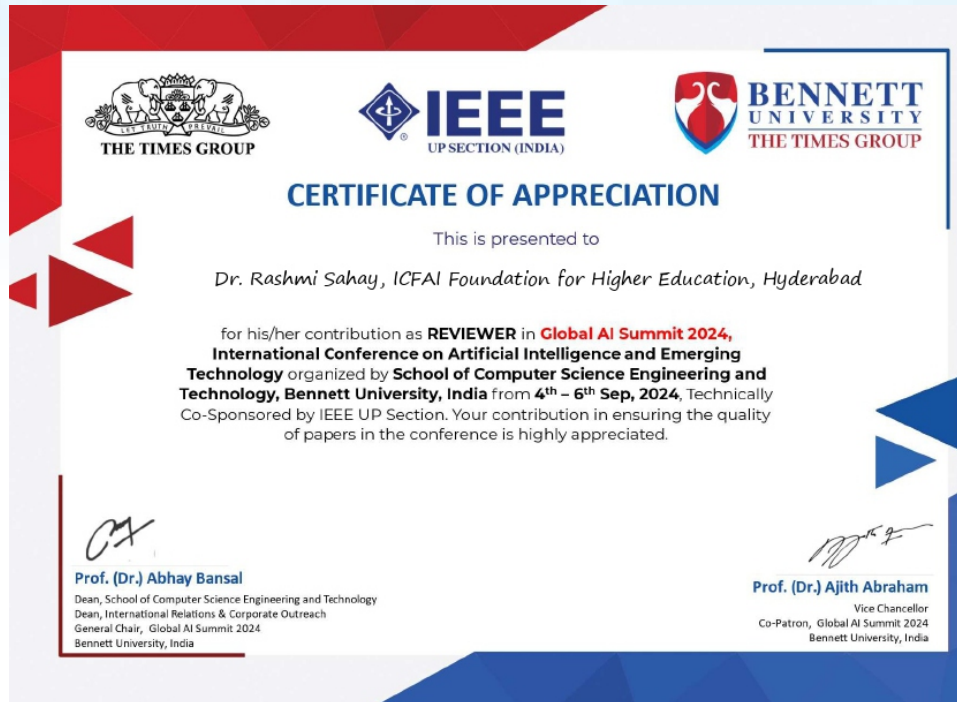

also elevates the reputation of our institution. I congratulate Dr. Asisa Kumar Panigrahi and Dr. Rashmi Sahay for reviewing articles in the reputed journals. I also appreciate Dr. Maloth Upender for participating in FDP.

Lastly, a slew of exciting campus activities encourage community involvement and honour academic achievement. We are grateful to our faculty for their exceptional efforts, propelling us forward in the direction of quality and innovation. I have a lot of hope for the future of our organization as I look forward. We have the combined strength, imagination, and willpower to overcome any obstacles and take advantage of a plethora of future prospects.

**- Dr. K. L. Narayana**  
**Director, IcfaiTech, Hyderabad**

## ARTICLE REVIEW:

**Dr. Rashmi Sahay**, Senior Assistant Professor, Department of DSAI, acted as a reviewer in **Global AI Summit 2024**, International Conference on Artificial Intelligence and Emerging Technology, organized by School of Computer Science Engineering and Technology, Bennett University, India from 4th-6th Sep, 2024.

**Dr. Asisa Kumar Panigrahi**, Associate Professor, Department of Electronics and Communication Engineering, reviewed an article entitled “Developing Low-Power RISC-V Multicore Processors with a Shared Lightweight AES Accelerator” for “Engineering Science and Technology, an International Journal”.

## PARTICIPATION IN FDP / CONFERENCE / WORKSHOP ETC.

**Dr Maloth Upender**, Assistant Professor, Department of English, participated in a five day Faculty Development Program on the topic, *“From Theory to Practice: Contemporary Trends in Literary Criticism”* organised by the Department of English, St. Joseph's College, Chennai from 09 September to 13 September.

## FACULTY SEMINARS:

**Dr. Rakesh Reddy T**, Assistant Professor, Dept. of Mathematics, gave a faculty seminar on “Finiteness Properties of Local Cohomology Modules” on 2nd Sep 2024.

## EVENTS:

### Teachers' Day

Organized by: [Asana Club and Other Clubs](#),

Date: [5th September 2024](#),

Venue: [FST Auditorium](#),

Timings: [3:30pm – 5:00pm](#)

Teachers' Day is a special occasion to honor the invaluable contributions of teachers in shaping the future of students and society. This year, our celebration took place on 5th September 2024, bringing together students, faculty, and staff to express our collective appreciation for our educators' hard work and dedication. The celebration began with a traditional lamp-lighting ceremony, symbolizing removing ignorance and spreading knowledge. This auspicious ritual set the tone for the day as we celebrated teachers' vital role in guiding us towards success. Dr. KL Narayana, the Director, delivered an inspiring speech emphasizing teachers' importance in shaping their students'

future. His words reminded us of educators' profound impact on our lives, not only in academics but also in fostering values, character, and a sense of responsibility. Following the speech, students from various clubs expressed gratitude and admiration through a series of performances.

The cultural program included vibrant songs, dances, and skits that deeply moved the audience. Each performance was a heartfelt tribute to the teachers, celebrating their efforts creatively and meaningfully. The Teachers' Day celebration was a resounding success, fostering a sense of community and mutual appreciation between students and teachers. It was a day to reflect on the vital role of educators in shaping young minds and building the future. We extend our sincere thanks to everyone who contributed to making this event truly memorable.

# DECIPHER

**September 6, 2024**

On September 6, 2024, the Yantrikee Club hosted Decipher, an intellectually engaging event designed to challenge students with the art of cryptography. Participants decoded encrypted messages using various cryptographic techniques, such as substitution and transposition ciphers. The event aimed to foster analytical thinking, problem-solving skills, and a deeper understanding of encryption and data protection. This event was open to all students, regardless of their experience. Decipher also introduced participants to the broader field of cybersecurity. The event successfully combined learning with competition,

providing attendees with an inclusive and educational experience.

## INTERNAL HACKATHON FOR SMART INDIA HACKATHON 2024

The Internal Hackathon for Smart India Hackathon 2024 was held on September 9th and 10th, 2024, at IcfaiTech, IFHE Hyderabad, to prepare graduates and researchers for the national competition. The event aimed to develop participants into critical thinkers and innovators by challenging them to create solutions for various problem statements. With over 60 teams from diverse backgrounds, the hackathon showcased innovative ideas, including AI-driven solutions, apps, and systems addressing societal issues. The judging panel, consisting of experienced professionals, provided valuable feedback on each project's feasibility, technical aspects, and potential long-term impact. The event was a success, promoting creativity, collaboration, and problem-solving. It fostered a sense of community among participants and emphasized the importance of teamwork, perseverance, and scalable solutions, making it a rewarding experience for all involved. Honourable Vice-Chancellor Prof. L. Ganesh graced the event with his presence. Dr. Asisa Kumar Panigrahy and Dr. V. A. Sankar Ponnappalli, Department of ECE organized this event.
