

Coding Competition for B.Tech/B.Sc Students for coding Skills Improvement (26th October 2023)

The Department of Computer Science and Engineering at FST, IFHE, Hyderabad, organized a one-day coding competition on October 26, 2023, at the LIVIA lab for B.Tech/B.Sc students, aiming to enhance coding skills. The event has had a substantial impact on the student community, igniting a fresh enthusiasm for programming. The event received comprehensive financial support from the IFHE management.

We communicated details about the event to FST students via email, posters, and banners, leading to a total of 61 registrations for participation.

- On the day of the event, registered students were granted access to the Livia Programming Lab. Subsequently, participants logged into the HackerRank - Online Coding Tests portal using their credentials.
- We have shared the competition link through the HackerRank portal, featuring a set of five questions specifically designed to assess participants' proficiency in Data Structures and problem-solving.
- Participants are free to code and solve the problems using any programming language of their choice.
- The final list of winners was extracted from the HackerRank portal, specifically from the transparent leaderboard, based on the effectiveness of their implemented code and the time taken to successfully complete the challenge.

The prize distribution ceremony took place on November 28, 2023. All participated students attended the prize-giving ceremony. Our FST Director Dr. K.L.Narayana conveyed appreciation to the students and personally bestowed prizes upon the winners, acknowledging the exceptional accomplishments of the first, second, and third prize recipients. Furthermore, every participant received a participation certificate in recognition of their active involvement in the competition.
