

# **Yantrikee Club - National Technology Day 2023**

## **11<sup>th</sup> May, 2023**

Yantrikee Club, a prominent student organization, celebrated National Technology Day 2023 with great enthusiasm. The theme for this year's event was "School to Startups- Igniting Young Minds to Innovate." The club organized a series of events to engage and inspire students in the field of technology and innovation. The report summarizes the events conducted, notable dignitaries present, and the faculty coordinators involved in organizing the event.

### **Events Conducted:**

#### **Type Writer: Typing Competition (Date: 09-05-2023):**

The Typing Competition aimed to test the typing skills and speed of the participants. Students were challenged to complete a given text within a specified time limit. The event fostered healthy competition and showcased the importance of efficient typing skills in the digital age.

#### **Street Coding and Fun Quiz (Date: 09-05-2023):**

Street Coding, a unique event organized by Yantrikee, encouraged participants to solve coding problems and puzzles in a street-style setup. This event provided an interactive platform for students to showcase their coding abilities and logical thinking. Additionally, a fun quiz was conducted to engage participants in a lighthearted yet intellectually stimulating competition.

#### **Battle of Minds: Debate Competition (Date: 10-05-2023):**

The Battle of Minds debate competition was a highlight of the National Technology Day celebrations. Participants engaged in passionate debates on technology-related topics, showcasing their research and persuasive skills. The event allowed students to express their opinions, analyze different perspectives, and improve their public speaking abilities.

#### **Technnovation: Technical Exhibition of Student Projects:**

Technnovation, an essential part of the event, provided students with a platform to display their innovative projects. The exhibition showcased a diverse range of projects, including prototypes, technological advancements, and research work. Participants received valuable feedback and recognition for their efforts, encouraging them to continue pursuing technological innovations.

**Applause: Short Film:**

As a part of the event, a short film competition called "Applause" was conducted. This category encouraged participants to create short films that revolved around technology, innovation, and their impact on society. The films served as a medium to inspire and raise awareness among the audience regarding the potential of technology in solving real-world problems.

**Notable Dignitaries Present:**

**Inauguration:** The National Technology Day event was inaugurated by the Vice-Chancellor of the University. Their presence added prestige and significance to the celebration, inspiring students to actively participate in the event and embrace technology and innovation.

**Welcome Address:** The Director, Dr. K L Narayana, delivered a warm welcome address to all the attendees. The director's speech set the tone for the event, emphasizing the importance of nurturing young minds and encouraging innovative thinking.

Prof. Srinivasa Reddy, addressed the students during the event. His insightful speech provided valuable insights into the ever-evolving world of technology and encouraged students to pursue their passion for innovation.

The successful organization and execution of the National Technology Day event would not have been possible without the dedicated efforts of the faculty coordinators. Dr. P Rohini and Ms. Sathya A R served as the faculty coordinators for the event, ensuring smooth logistics, effective communication, and overall coordination of the various activities.

The National Technology Day 2023 celebration organized by Yantrikee Club was a resounding success. The events conducted, including the Typing Competition, Street Coding and Fun Quiz, Battle of Minds, Technovation, and Applause Short Film competition, provided students with an opportunity to showcase their talents, engage in healthy competition.
