About IFHE Hyderabad

The ICFAI Foundation for Higher Education is a deemed-to-be-University established under section 3 of UGC Act, 1956. Prof. C. Rangarajan, the former Governor of Reserve Bank of India, is the Chancellor of the University. The IFHE is accredited with A++ grade by the National Assessment and Accreditation Council (NAAC). IFHE's student-centric learning approach provides relevant knowledge, imparts practical skills and inculcates a positive attitude among the students. IFHE has been permitted by the Ministry of Education, Government of India, to start an Off-Campus Centre at Bangalore, Karnataka.

IFHE is an esteemed member of Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). IFHE has put in place world class processes for governance, academic excellence, industry-academia interface and student centricity. Some of the best minds in the country are closely associated with the running and oversight of IFHE. The university focuses in offering students the best and updated curriculum and train them for rewarding careers. It also promotes the culture of research that advances knowledge in the field of management, social sciences, technology, architecture and law.

About ICFAI Business School, Hyderabad

IBS Hyderabad is a constituent of the ICFAI Foundation for Higher Education. Established in the year 1995, IBS Hyderabad offers high-quality programs in different areas of management to a variety of students, executives and professionals across India. The institute has a reputation for innovative program design and delivery, quality courseware, personalized instruction, strong industry interface, research, consultancy and publications. It is the only institute in India to get the coveted AACSB accreditation for BBA, MBA and Ph.D. programs. IBS Hyderabad is one of the consistently top ranked business schools in India which has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and 40th rank by NIRF in 2023. The institute has more than 200 experienced regular, visiting and guest faculties having national and international exposure from varied organizations. It also has a dedicated research and development center which offers its premier case collections under the brands IBS Center for management Research (ICMR) and IBS Case Development Center (IBSCDC).

Since its establishment, IBS Hyderabad has grown impressively and achieved widespread recognition from business and industry, academic circles, and professional bodies. The institute seeks to provide a high quality learning experience in an adaptive environment with a focus on relevance, rigor and research. The mission of IBS Hyderabad is to develop bright and ethically-grounded professional managers who can add value to the organizations and communities to which they belong.

About the Department of Operations and IT

The Department of Operations and Information Technology came into existence in 1995. The department is a part of IBS Hyderabad, the Faculty of Management of the University. The department has two major areas of focus - Operations and Information Technology. The department has forty four faculty members involved in teaching, research and administration. Apart from offering various courses in the BBA, MBA and Ph.D. programs, the department also academically contributes to the Workshops and FDPs/MDPs of the Centre for Management Development of the University. The major thrust areas in which research activities are being pursued are Business Analytics, Information Technology, Project Management, Information Security, Supply Chain Management, Healthcare Management and Decision Support Systems. Faculty members of the department have been regularly publishing research papers in ABDC, Scopus and UGC Care journals of high repute. The department has also been organizing international conferences on a regular basis.

About the Conference

The business fraternity is ever-evolving and shaping into a primary pillar of infrastructural development, with the help of emerging technologies. With every passing year, the impact of these technologies keeps intensifying, from accelerating productivity to improving efficiency, the benefits of technological advancements on businesses cannot be simply gauged. International Conference on Emerging Technologies, Analytics and Operations (ICETAO) is being organized by the Department of Operations and IT, IBS Hyderabad on March 22-23, 2024 to provide a global platform for academicians, doctoral scholars, research professionals, students and industry practitioners to put forth their ideas about the applications of emerging technologies in the fields of analytics and operations. This conference is designed to disseminate the latest advancements and research work to stay tuned with the emerging technologies, expand horizons of budding researchers and learning from experts.

The papers for this conference can fall under the following broad categories:

- Conceptual Papers/ Empirical Papers/ Theoretical Papers
- Case Studies/White Papers/Practice Papers

* There would be a group discount of 20% for registrations of three or more members from the same institute.
* Based on request hostel accommodation will be provided subject to additional charge of Rs.1000 per day.
* Please note that at least one of the authors have to register for the conference and present the paper.

Highlights of the Conference:

Best Paper Award

There will be categories of Best Paper Awards, involving a Certificate and Cash prize to be awarded as shown below:

Award Category	Details of the Award
Best Paper Award	A certificate of recognition and a cash prize of ₹10,000
Best Case/ White Paper Award	A certificate of recognition and a cash prize of ₹ 5,000
Best Thesis/ Proposal Award	A certificate of recognition and a cash prize of ₹5,000

Publication Opportunities

ICETAO 2024 intends to provide an opportunity to the conference participants to get their papers considered for publication in journals of international repute.

Selected papers will be first evaluated to check the suitability and will be further processed for fast-track review to ABDC (B & C categories), Scopus and UGC Care listed journals of high repute. The article processing charges, if any, have to be borne by the authors. These papers must mention in the cover letter (and also in the acknowledgement section usually before the References section in the paper) that the paper was presented in the International Conference on Emerging Technologies, Analytics and Operations (ICETAO 2024). Also, the

papers must adhere to the guidelines of the respective journals in which they will be selected for evaluation and possible publication.

Workshop on Emerging Technologies

A workshop has been organized to acquaint the participants with the emerging technologies being practiced in the industry. The resource person is an industry expert and has a vast experience in training and development, particularly in the field of AI & ML. The workshop aims to help the academicians, researchers and professionals grow in their career path. This complementary workshop has been specially designed only for the registered participants of ICETAO 2024.
