ABOUT THE CENTRE FOR EXCELLENCE IN IPR

The Centre for Excellence in IPR is a constituent of ICFAI Law School, IFHE, Hyderabad to promote research and awareness in the field of intellectual property rights. The centre is dedicated to impart IP education and training to students, academicians and professionals across the country. The centre for IPR is established to promote interdisciplinary research in the area of intellectual property law, science, technology, arts and economics. The centre for IPR is looking forward to undertake research projects on the contemporary issues of importance related to intellectual property rights. The centre provides consultancy services to the innovator, creators and entrepreneurs on the filing, registration, protection, management and infringement of intellectual property rights. The centre also regularly organises conferences, seminars and webinars to spread IP awareness among the students, academicians and professionals.

ABOUT THE CONFERENCE

The conference "**Intellectual Property and Society: Bridging Innovation and Public Interest**" seeks to explore the intricate balance between fostering innovation and safeguarding public welfare. It brings together legal scholars, policymakers, industry leaders, and civil society to discuss the role of intellectual property (IP) in driving innovation while addressing societal needs. Topics include access to essential medicines, equitable technology dissemination, and the role of copyright in the digital age. The event aims to provide a platform for diverse perspectives, fostering dialogue on how IP frameworks can align innovation incentives with broader public interest, ensuring sustainable development and inclusive societal progress. By fostering interdisciplinary dialogue among academics, legal professionals, policymakers, and innovators, the event aspires to develop actionable insights. The discussions will focus on creating equitable IP systems that promote creativity, access, and innovation while safeguarding public welfare. This platform highlights the transformative potential of IP in achieving sustainable development.
