About ICAI School of Social Sciences (ISOSS)

ICFAI School of Social Sciences is a constituent of the ICFAI Foundation for Higher Education, a deemed to be University established under section 3 of UGC Act, 1956. It seeks to be recognized nationally and internationally as a fine example of an institution producing young talent with immense potential for (a) demonstrating transformative impacts on Indian society to bring about changes that will align with the ideals of the constitution of India, and (b) influencing global conventions focused on realizing sustainability, through persistent and dedicated efforts in education, training, research, and extending intellectual services.

The School offers distinctive, high value education programs at the under-graduate and post-graduate levels, and promote high quality research at the masters and doctoral degree levels. Currently, the Department of Economics offers a 3-year BA undergraduate, a 4-year BA Economics (Honours), a 4-year BA Economics (Honours with Research), a 2-year MA postgraduate degree programs in Economics, and a doctoral research program leading to a PhD in Economics.

Going forward, the School proposes to offer 4-year programs leading to BA Economics with Psychology (Behavioural Economics), or Law, or Data Analytics or Management. Similarly, it plans to come up with innovative programs in other fields of Social Sciences such as Psychology, Political Science, Public Policy/Administration, Sociology, Social Work, Sustainability Studies, etc. The School offers 4 year B.Sc Psychology program leading to an undergraduate degree with Honors /Honors with Research with effect from 2024-25 academic year.

Faculty members have conducted quality research funded by national and international agencies. They publish the research output in reputed national and international journals and in books. With due emphasis on world-class research, the School plans to collaborate with range of national and international institutes and organizations while evolving as a center of eminence in the field of social science education and research.

It aims to create an institutional ecosystem by collaborating with various local, regional, national and international institutions of eminence for working together intellectually for the greater cause of sustainability.

Department of Economics (Previously under IBS Hyderabad) has been organizing a series of National and International conferences in the areas of Applied Economics and Econometrics namely International conference on Applied Econometrics (ICAE) and Doctoral Thesis Conference (DTC). These conferences have been organized in collaboration with reputed Associations/ institutions namely Indian Econometric Society and IGIDR Mumbai, and many others. These conferences have attracted paper contributors from reputed Indian and foreign universities.

About the Indian Econometric Society (TIES)

The Indian Econometric Society (TIES), New Delhi is a registered society under Public Societies Registration Act, formed in 1960. It is one of the oldest and largest body of professional econometrician and quantitative economists with more than 2000 members from all over India and abroad. TIES organizes annual conference where experts from all over India and abroad participate and deliberate on various issues. TIES also publishes "Journal of Quantitative Economics" three issues in a year.

The objective of the TIES is to organize conferences on the issues of econometrics in order to provide a forum for economists, mathematicians and statisticians of India and abroad; To promote development of econometric methodology and techniques in general and with special reference to Indian conditions and problems in particular; to undertake and organize training and research and to publish the results of econometric studies from time to time, through its own journal or other media; and to undertake any other activity, which in the opinion of the General Body of the Council, advance the aims and objects of the society.

About the Conference

The 7th International Conference on Applied Econometrics (ICAE-VII) will be held during July 11-12, 2024 in hybrid mode (both in-person and online) at ICFAI School of Social Science (ISoSS), IFHE Hyderabad. The theme of the conference is Econometric Applications across Diverse Economics Disciplines. Theoretical analyses supported by data and applied contributions are invited.

The main goal of the ICAE-VII, 2024 is to provide a platform for networking of researchers, academicians, and industry experts, to facilitate exchange of ideas on the latest research in applied economics and econometrics as well as on the latest developments in theory and practice, which can be the basis for further research, enhancing of teaching skills and case discussions. The selected papers will be published in ICFAI IUP Journals.

Focus Areas of the Conference

- Development Economics
- Financial Economics
- International Economics
- Behavioral Economics
- Environment Economics
- Labor Economics
- Health Economics
- Agricultural Economics
- Industrial Economics
- Monetary Economics
