The ICFAI Group

Pioneering professional education for over 35 years

Awards won by The ICFAI Group

ICFAI was established in 1984 as a not-for-profit society with the broad objective of empowering citizens through world class quality education. The Institute announced its arrival into the Indian education fora by launching a high end, innovative professional program in financial analysis in 1985. The Program was first-of-its-kind in India, aimed at equipping students and working professionals with cutting-edge knowledge in contemporary areas of finance.

Since its establishment, ICFAI Group has made a significant mark in the Indian educational field with a pan-Indian network and presence.

Innovation has been the mainstay of ICFAI Group with innovation prevalent in its programs and even its culture. Subsequently, there was a big leap when ICFAI Group started its chain of business schools (IBS)

across India in 1995 to offer management program. Since its inception, IBS has been consistently ranked among the top ranked B-Schools of India providing excellent academic delivery and infrastructure to its students and transforming them into leaders for the future.

Another example that is a testimony to the culture of innovation is the introduction of Case Study methodology at IBS. The Case Research Center at IBS has become a center of excellence and has won several accolades across the world.

ICFAI Group has 2 Strategic Institutional Units, the ICFAI Universities and the ICFAI Business Schools. In all the programs offered across these units, the emphasis is on adherence to academic rigor and differentiated curriculum that bridges the industry-academia gap.

ICFAI Group focuses on learning rather

than instruction. In addition, the institute is engaged in important areas of research covering environmental sustainability, agricultural economics, health policy, financial economics, banking, intellectual property rights etc. There have been path-breaking research and good quality publications in these areas.

Flexible and tech enabled learning also plays an important role in ICFAI's teaching methodology. The delivery takes place

with the use of hi-tech learning management system at campus programs and content delivery for distance learning through online medium.

ICFAI Group practices the value of academic integrity at all levels. As a policy, admissions are purely based on merit and there is nothing like capitation fee et al. The fee payable is published

in the application material and that remains unchanged.

The ICFAI Group's culture of teaching and learning supports and fosters intellectual and personality development among its graduating students. They carry an attitude of ownership of their work. ICFAI Group strives to make the students - DOERS. The programs are designed such that the students & professionals graduating from the institution have the ability to take risks, make decisions and own the work. ICFAI Group system, strongly believes in developing an 'entrepreneurial mindset' among its graduating students.

At ICFAI, students inculcate research and analytical orientation due to its institutional strength and support for the research and development activities. Holistically, the student undergoes a transformative change.

The alumni of ICFAI Group are working in renowned companies world-wide. Collectively, ICFAI Group alumni contribute significantly to the growth story of India.

Founder's Profile

N J Yasaswy
(1950-2011)

Mr. N. J. Yasaswy (1950-2011), founder of the ICFAI Group of educational institutions and a pioneer in promoting higher education in the private sector had a brilliant academic career: B.Com (Andhra University 1969 – First Rank), CA Inter (May 1971 – First Rank), CA Final (May 1973 – First Rank), ICWA Inter (July 1970 – First Rank) and ICWA Final (July 1972 – First Rank). He was the recipient of the Basu Foundation Award for the Best Student of the Year from both – The Institute of Cost and Works Accountants of India (in 1972) and The Institute of Chartered Accountants of India (in 1973). During 1974-1980, Mr. Yasaswy was associated with the Administrative Staff College of India as a Faculty Member. In 1981, he started his consultancy firm, Yasaswy Management Associates Private Limited. Hyderabad.

Mr. Yasaswy was appointed by the Government of Andhra Pradesh as Chairman, Andhra Pradesh State Trading Corporation (1985–88), and Vice-Chairman, Public Enterprises Management Board (1986–88). He was a visiting faculty member at the Indian Institute of Management-Ahmedabad (1986-88) and was nominated as a Member on the SEBI Committee on Accounting Standards. He was a member of the Board of Directors of the Association of Certified International

Investment Analysts (ACIIA), Switzerland. He authored several books on finance and investments.

Mr. Yasaswy set up the ICFAI as a single institute in 1985 without governmental sops or institutional funding, in an era where government support was the norm. He chose to spend all his energy on the fledgling institution which over the years grew to become a monument to what ambition can deliver. He was instrumental in building several business schools and universities in the developing states of India, particularly in the North-East region. He stood for professional management, excellence in the quality of education offered in the ICFAI institutions, and absolute discipline.

He was charismatic, a great teacher, an institution builder, a visionary and a genius who was years ahead of his time. His vision will continue to guide ICFAI forever.

Message from the Vice Chancellor

The University maintains a fine balance between academic, co-curricular and extracurricular Institutional and social activities aimed at enabling our students, especially you, to develop well-rounded personalities with the due concern for work, home, our country and human society at large.

Prof. L. S. Ganesh

Greetings and good wishes!

I am delighted to welcome you to the ICFAI Foundation for Higher Education (IFHE) a Deemed-to-be University established under Section 3 of the UGC Act, 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant professional competencies (knowledge and skills) and character (consistently revealed behavior patterns driven by human values, habits and dispositions, even genetically primed!). The IFHE is a premier educational institution which is accredited by NAAC with the coveted 'A++' grade. It is dedicated to the cause of teaching and research of global standards. It offers programs in Management, Science & Technology, Architecture, Law and Economics at undergraduate, postgraduate and doctoral levels. The students are from all parts of India. In fact, there is a mini India on the campus. The University has a student strength of about 8,000 and a faculty strength of over 320.

We work to continually and effectively develop a cadre of professionals who will command a high level of domain proficiency and demonstrate the ability to integrate diverse knowledge and activities for creative and effective problem-solving and setting laudable work standards. The quality of the programs offered at the University is ensured by the following five Institutional strengths:

- ▶ Designing a cutting-edge curriculum including soft skills and internship programs.
- ▶ Offering student-centric education by duly encouraging peer learning.
- ▶ Continuous evaluation and feedback on extent of learning.
- ▶ Focus on high-quality research by the faculty.
- ▶ Industry and foreign collaborations.

IBS Hyderabad has a dedicated Case Research Center (CRC) to produce case studies. Our CRC, which is presently ranked No.2 globally, only behind Harvard Business School, develops contemporary and thought-provoking case studies which provide great learning experiences to the students. More than 900 B-schools from over 80 countries use the very large compendium of CRC cases. Some of the leading Business Schools that use CRC cases include London Business School, London School of Economics, Said Business School of Oxford, Judge Business School of Cambridge, HEC Paris, HEC Montreal, etc. Welcome to the IFHE Institutional Family.

Message from the Director

Students are exposed to the latest body of knowledge through the contemporary, industry focused curriculum. IBS has a well-qualified team of faculty members with the latest business knowledge, research and industry experience.

Prof. K S Venu Gopal Rao

ICFAI Business School (IBS) is a constituent of the ICFAI Foundation for Higher Education (IFHE) a Deemed to be University u/s 3 of the UGC Act 1956. IBS is one of the top business schools in India. It offers BBA, MBA, Exe MBA and Ph.D programs. IBS Hyderabad has been ranked 32nd among the Management Schools in India in 2022 by National Institutional Ranking Framework (NIRF), Ministry of Human Resource Development. IBS Hyderabad received the prestigious international accreditation in March 2020 from the Association to Advance Collegiate Schools of Business (AACSB) International, USA for three of its programs – BBA, MBA, and Ph.D. It is the highest standard of achievement for business schools worldwide. It was also re-accredited by SAQS (South Asian Quality Systems), AMDISA (Association of Management Development Institutions of South Asia) for five years from August 2020-August 2025. IBS has received a grade of A*** at the national level and A*** at the state level from CRISIL and ICRA. The grades indicate high academic standards.

IBS is known for excellence in management education. This is achieved by a socially relevant curriculum, student focused teaching, continuous performance evaluation of the students, selecting and training faculty with excellence in research and teaching. IBS believes in transforming common students into extraordinary professionals through its rigorous learning management system powered by technology and driven by values. It has a unique and innovative approach to business education that focuses on providing the right knowledge, imparting the right skills for enduring success in management careers and shaping the right attitudes.

IBS uses a blend of classroom instruction, cases, leadership development workshops, soft skills labs, projects, internships, games, simulations, etc. Through the IBS's Summer Internship Program (SIP), the students get exposure to the dynamics of the corporate environment which develops their cognitive skills. Case-based learning helps students develop good analytical and problem solving skills.

There are a number of Student Clubs which encourage the students to participate in co-curricular and extra-curricular activities. Participation in activities of these clubs develops team spirit and leadership qualities. Students will have the opportunity to interact with leading management thinkers, corporate leaders and entrepreneurs at various forums organized by Student Clubs.

I wholeheartedly welcome all prospective BBA students to IBS.

The ICFAI Foundation for Higher Education is a deemed-to-be-University established under section 3 of UGC Act, 1956. IFHE's comprehensive student-centric learning approach provides relevant knowledge, imparts practical skills and inculcates a positive attitude among the students. Today, IFHE is one of the largest multi-disciplinary universities in the country accredited by NAAC with A++ grade. The Faculty of Management, Faculty of Science and Technology, Faculty of Law, Faculty of Social Sciences and School of Architecture are the constituent units of the University. IFHE has been permitted by the Ministry of Education, Government of India, to start an Off-Campus Centre at Bangalore, Karnataka.

The University is a member of (1) Association of Indian Universities (AIU) and (2) Association of Commonwealth Universities (ACU). IFHE has put in place robust processes for governance, academic excellence, industry interface and student centricity.

Some of the best minds in the country are closely associated with the governance and oversight of IFHE.

Going forward, the focus areas of IFHE are :

- ▶ To offer the students relevant and updated curriculum that prepares them for rewarding careers.
- ▶ To promote a culture of research that advances knowledge in the field of management, technology and law.
- ▶ To collaborate with the industry and be relevant to their needs.
- ▶ To partner with the government and various government bodies for nation building.

ICFAI Foundation for Higher Education

(Deemed-to-be University under Section 3 of the UGC Act, 1956)

Category I Autonomous Institution • Accredited by NAAC with 'A++' Grade

ICFAI Foundation for Higher Education
Deemed to be University under Section 3 of the UGC Act, 1956

The University is spread over 92 acres lush green campus with built up areas of over 16 lakh sq.ft. The campus is equipped with the state-of-the-art teaching, sports and recreational facilities. Complete academic monitoring and control is done through the Intranet - the Campus Net and the Faculty Zone. Entire campus is Wi-Fi enabled.

ICFAI Business School, Hyderabad

Established in 1995, IBS Hyderabad has grown impressively and achieved widespread recognition from business and industry, academic circles and professional bodies. IBS offers high-quality programs in different areas of management to a cross-section of students, executives and professionals across India. IBS Hyderabad is reputed for innovative program design and delivery, quality courseware, personalized instruction, strong industry interface, research, consultancy and publications. IBS, Hyderabad has a growing alumni base of around 22,000 who are currently pursuing fast track careers with 1,000 plus companies in India and abroad. IBS Hyderabad, a constituent of the ICFAI Foundation for Higher Education (IFHE) a deemed to be University today offers the four year UG (BBA and BCom) the two year MBA, Executive MBA and Doctoral Programs with more than 5500 students on rolls.

The BBA, MBA and Phd programs of IBS Hyderabad are accredited by the globally renowned AACSB signifying commitment to learner success and thought leadership. IBS Hyderabad has about 180 full time faculty members and more than 30 visiting faculty who teach courses across different programs, conduct applied research, author books, cases studies and participate in internationally acclaimed conferences. Scholar alumni from the Phd program are working with leading business schools in India and abroad indicating the rigor of the doctoral program.

The academic infrastructure is well designed to cater to the learning requirements.

Lecture theatres and classrooms are equipped with latest audio visual equipment.

Twelve Bloomberg Terminals have been installed to provide latest data, analytics, news and updates on financial markets.

About 53000 titles (with more than one lakh books) and 24 electronic databases provide a rich canopy of learning resources to faculty and students at the central NJ Yasaswy Library.

The campus is equipped with the latest state-of-the-art technology computer networks with high speed backbone (5 GBPS Internet speed) and security through CISCO high end routers and fortigate firewalls.

ICFAI Business School, Hyderabad Rankings & Accreditations

The BBA, MBA and Ph.D programs of the ICFAI Business School (IBS), Hyderabad is accredited by the prestigious Association to Advance Collegiate Schools of Business (AACSB). AACSB accreditation is globally synonymous with the highest standards of achievement for business schools. Less than 5% of business schools worldwide have met the rigorous standards for this significant achievement.

Campus

The ICFAI Business School (IBS) Bangalore has remained an attractive destination over the years for thousands of students from different parts of the country seeking a rich and rewarding experience. With a state-of-the-art campus off Mysore Road in Southwest Bangalore, the Institute has excellent facilities for academic enrichment, professional development and sports. In its vicinity, students have plentiful choices for housing depending on their preferences. A multi-specialty hospital, retail outlets and restaurants near the campus are conveniences that the students value. The proximity of the campus to NICE Road, an expressway, and the Namma Metro provide fast connections to the heart of the city and beyond.

The architecturally designed inside the campus takes the shape of a loop. The spacious classrooms facilitate interaction between the students and the faculty. When not in class, the students can get together in the food court to meet up over a quick snack or a leisurely lunch. The library has an extensive collection of periodicals, journals, and a wide assortment of books to support academic activity, including research. A health clinic with a doctor on duty remains open during working hours for faculty, staff, and students. Bangalore is home to the IT services industry, the pride of India, and a flourishing base for innovative start-ups. IBS benefits from access to a large pool of entrepreneurs and corporate professionals in the city. Most of the students are happy to start their careers in Bangalore, where abundant opportunities and dynamism co-exist.

The IBS periodically invites speakers from the various sectors of industry to address the students on a range of relevant and exciting topics beyond the regular courses, over and above the regular courses. The IBS arranges specialized courses such as Artificial Intelligence and Mechanical Learning, leading the valid certification. Students can join any of several clubs based on their interests and activities such as photography, sports, social responsibility and public speaking, to name a few. The students primarily run these clubs with the guidance of a faculty member. They form close bonds with one another outside the classroom through peer connect. Of special mention is an inter-college management fest that the students organize and conduct with great zeal & zest. The students get real lessons in management through such events with generous support from the IBS.

The curriculum also includes courses such as soft skills and career management that prepare the students for placement and success in their careers. Many of the students find immense value in these courses which help them in their final placements (verification process). The students are trained intensively in crafting a resume, participating in a group discussion and speaking confidently and coherently in a personal interview.

The faculty members include experienced academicians and industry professionals who teach students in the classroom and guide them closely on projects and internships. They extensively use the case method of teaching and simulations to bring abstract concepts and corporate situations to life. Thus, the students build skills in situational analysis and express their perspectives in context. By consulting with companies, some of the faculty bring contemporary issues from the industry to discuss in the classroom. Other faculty members regularly research topics at the intersection of theory and practice in management. Many students need counseling and guidance while making countless decisions ranging from choosing their academic specialization to applying for positions during the placement season. The IBS designates faculty as mentors for students, who find such an arrangement reassuring and impactful.

The placement cell has a dedicated team of managers and staff who work through out the year to cultivate relationships with corporate recruiters and arrange recruitment events. The students engage with the placement cell during their preparation for recruitment. Every student gets advice, tips, and personalized feedback to perform one's full potential. The faculty rely on critical and timely inputs from the placement office to intervene in the development and preparation of the students. The IBS leaves no stone unturned to provide the students with the best chance for success. IBS Bangalore's placement record for its management graduates has consistently exceeded 90% over the years.

As a member of the network of IBS campuses, IBS Bangalore enjoys a symbiotic relationship with the other IBS campuses in the shared mission of preparing students for successful careers. The collective strength of more than 5687 alumni bears testimony to the proud legacy of the network of institutions.

The BBA Program

The world of business is undergoing rapid transformation due to rapid technological changes. This tectonic shift, popularly termed as Industry 4.0 will witness rapid transformation of the economic, social and technological landscape. Businesses will be forced to alter their manufacturing, procurement, supply chains, distribution and service operations in a very big way and reconfigure their business models. These changes will lead to a spiraling demand for qualified manpower that is not easily available. A report by leading consulting organization McKinsey predicts that by the year 2030 more than 20 to 50 million jobs will be created worldwide as a result of Industry 4.0

Considering the changes taking place, IBS Hyderabad, a pioneer in management education for nearly three decades is launching two new undergraduate programs along with regular **BBA** (Hons.)

- ▶ **BBA** (Artificial Intelligence & Data Science)
- ▶ **BBA** (Cloud Computing & Cyber Security)

These programs are uniquely designed to equip students desirous of pursuing careers in technology and management oriented roles. Students will gain required knowledge and skills in areas such as data science, cloud computing, cyber security, data analysis, data visualization, data driven decision making, management reporting and operating in virtual environments. Students get the best inputs – Technology and Management.

IBS has modeled and aligned its Undergraduate programs with the New Education Policy 2020 guidelines suggested by the University Grants Commission, Govt of India. It is offering these programs based on a flexible structure. Students have the opportunity to pursue a four year honors program and a four year honors with research program. Those desirous of completing their education at the UG level in three years will be eligible for a three-year degree. In all the programs students have to meet the prescribed criteria for graduating. Students pursuing the four year with or without honors can look forward to careers in different management and technology domains as well as go on for higher studies in India and abroad including PhD, in top-rated institutions in India and abroad.

BBA (Hons.)

(Artificial Intelligence & Data Science)
4 years (with and without research)

BBA (Hons.)

(Cloud Computing & Cyber Security)
4 years (with and without research)

Duration: 3 years / 4 years (with and without research)

Eligibility : Pass in Class XII or equivalent examination with an aggregate of 50% and above marks (any discipline) with English as medium of instruction.

Selection Process: The Selection is based on merit and personal interview. The applicant should fulfil the minimum age requirement as prescribed by the respective board through which the applicant has appeared for the qualifying examination.

BBA (Hons.)

Program Structure

- ▶ BBA (Hons.) Program is divided into 8 Semesters spread over four years.
- ▶ Students can opt to exit after the third year with a BBA Degree.
- ▶ The 4-year Program consists of core management (including electives) minor in IT courses, inter-disciplinary courses, Ability Enhancement, Skill Enhancement courses and 4 Value Added Courses.
- ▶ Students undertake Summer Internship Program, after the second year for a period of 8 weeks to provide corporate exposure.
- ▶ On completion of third year of BBA, the program gives a choice to the students to opt for Research Project in Management, that concludes with submission of Dissertation. Such students will be awarded BBA(Hons. with Research).

	▶ Business Analytics	▶ Industrial Safety and Maintenance Management
	▶ Product Design & Development	▶ Warehouse Management

Insights into BBA Program

Deeksharambh

We believe in inclusion in diversity. Our comprehensive induction program, “Deekshaarambh,” aims to put to ease students who face challenges when transiting from school to University education. We have a comprehensive ‘Deeksharambh’ Program to provide a smooth transition and acclimatized students into the new academic environment, fostering community building, providing an introduction to available resources, understand our processes, practices, values and culture and motivation on skill development.

Horizontal Academic Mobility

With the implementation of Multiple Entry –Multiple Exit (ME-ME) horizontal mobility through the Academic Bank of Credit (ABC), students can design their academic journey with flexible learning pathways, seamless credit transfers, personalized education, and enhanced opportunities across various programs and institutions.

Blended learning

Blended learning options from SWAYAM and MOOCs combine traditional classroom learning with online courses, offering a comprehensive learning experience, flexible schedules, access to expert knowledge, and skill enhancement opportunities. Additionally, aligning with the National Credit Framework, we will offer academic credits for national and international extracurricular achievements, recognizing and rewarding students’ efforts outside the classroom, promoting holistic development, and motivating them to excel in various fields. These initiatives reflect IBS’s commitment to providing a well-rounded education, preparing our students for successful careers in their chosen fields.

Value Added Courses

The value-added courses are intended to give additional skills or information beyond the conventional curriculum, and are frequently geared towards improving employability, boosting entrepreneurship, or strengthening personal and professional abilities. The primary aim of the Value Added Courses (VAC) is to foster the all-round development of students’ personalities and cultivate their character. These courses, such as Understanding India, Personal, Family, Social Health & Wellness, Human Values and Professional Ethics, Human Society in the Natural Environment: Sustainability Issues, are created in collaboration with experts from various regions of the country, aim to instil ethical, cultural, and constitutional values, encourage critical thinking, promote Indian Knowledge Systems and scientific temper, enhance communication and presentation skills, and foster teamwork.

Ability Enhancement Courses

Ability enhancement courses such as Effective English, Functional English, Academic Reading and Writing, Impactful presentation and Modern languages are aimed to enhance communication and complements to students understanding, thinking and problem solving abilities required to integrate knowledge with application.

Skill Enhancement Courses

The purpose of the Skill Enhancement Courses (SEC) is to increase students’ employability by improving their practical skills, hands-on training, soft skills, and inter personal skills. SECs focus on practical skills, making graduates more job-ready and improving their employability. These courses encourage multidisciplinary learning, fostering creativity and critical thinking beyond traditional subjects. SECs emphasize communication, teamwork, and adaptability—essential skills for professional success. SECs allow students to explore diverse interests, enhancing their overall learning experience. With courses like Soft Skills, Digital Skills, students also gain insights into industry trends and practices, aligning their personal developmental and technical knowledge to transit into the corporate world.

Blended knowledge with Skills

IBS is committed to equipping BBA students with essential skills, providing a comprehensive perspective that prepares them for the corporate world. Students have the opportunity to choose subjects that enhance their corporate readiness, such as Emerging Technologies for Future Managers, Project Management, Industrial and Business Domain Analysis, Leadership and Change Management, and Writing, and Digital Skills.

What sets IBS apart from other institutions is its dedication to aligning its courses with industry requirements, ensuring that students are well-prepared for the evolving job market. These specially designed courses aim to provide students with the knowledge and skills needed to excel in their future careers. Some of these innovative subjects include Management Research Projects, Advanced Computing Techniques, Basics and Applications of AI in Business Environments, and Machine Learning for Future Managers. IBS focus on cutting-edge topics such as artificial intelligence and machine learning not only meets the current demands of the business world but also prepares students for future advancements in technology. By offering courses that integrate practical applications and theoretical knowledge, IBS ensures that its graduates are not only academically proficient but also industry-ready. This unique approach helps students gain a competitive edge, making them highly sought-after by employers in various sectors.

Mentorship and Counseling Program

Our Mentoring and Counselling Program (MAC Program) is to support and provide the students with an environment conducive to academic and non-academic pursuits in their under graduation. This is done through establishment of a unique bond built on trust, respect and accountability between the mentees with their mentors. It helps the smooth transition of first year students coming from diverse background, and from multicultural settings.

Through this program, the mentees are set to graduate successfully with the right knowledge, nurture the right attitude, behavior and cultivate the right skills required to face the real world. In addition to clarity on role as student, and clarity on coursework and other academic related tasks, mentees are set to appreciate the core values of university and appreciate the need for academic integrity.

The mentors guide the mentees and help them in areas of both professional and personal development. They help mentees to set their priorities right, plan and implement, and face the challenges with a positive mind frame.

Our Bloomberg Lab:

ICFAI Business School (IBS) is providing innovative opportunities for BBA students, designed to enhance their academic experience and prepare them for the business world. Our initiatives aim to provide students with advanced skills, a smooth transition into the program, and flexible learning options. The Bloomberg Certification at the BBA level offers students advanced financial skills, market insights, industry recognition, and practical experience with real-time data, preparing them for careers in finance, investment banking, and asset management, which is equipped with an exclusive Bloomberg lab consisting of 12 Bloomberg terminals.

Institution's Innovation Council

Institution's innovation council (IIC) formed as a part of the Ministry of Education's Innovation Cell (MIC) promotes innovation in the institution through various channels leading to the building of an innovation ecosystem in the campus. IIC has established its own Incubator for incubating startups and entrepreneurs and has become a hub for innovative activities that will help entrepreneurs and startups to emerge and contribute extensively – both individually and collaboratively – in making India an economic super-power and become a developed economy.

Through annual Ahaava Program (Hackathon Challenge program), Anvikshana (pre-Incubation program), Its Udvikaasa Program (one-on-one mentoring for each startup Program), and Under Pravega, validation of ideas, creating Proof of Concept, services like Investor and network connect, strategy mentoring and market access are provided to the startups.

Externship and Internship program, is designed to provide as many opportunities as possible for students to experience 'learning by doing.' While internships have academic credits attached to them and are available only for certain set of students at a particular time of the year, externships are available to anyone at any time. Entering into Collaborations and Partnerships, IIC in addition to professional guidance and support it also provides funding for Student Startup/Ventures.

Our Centers of Excellence

Center of Excellence through Digital transformation (CeDT), is established to leverage the information and communication technologies for the benefit of the underserved. Towards fulfilling this, the center continuously engages with key human and nonhuman stakeholders across industry, academia and society through research, consultancy, training/ teaching and outreach.

The Centre for Women Development plays a proactive role towards empowering women both at home and at work place. The center aims to address issues confronted by women and go beyond on a positive note. Socially constructed gender differences continue to assign stereotypical roles for men and women, confining women to subordinate and inferior positions in society. The centre with its commitment to sensitize women of

their rights, address and resolve issues faced by them and take a proactive role towards empowering women both at home and at work place, collaborates, and coordinates, with women's cells in other Universities and institutions in Telangana and in the country.

The Centre of Excellence in Banking and Finance at IFHE undertakes contemporary, relevant, and actionable research in the area of Banking and Finance, and aims to promote impactful knowledge creation through mentoring by Practicing Professionals and nurtures future thought leaders.

In fulfilling the objective, the centre also provides an unbiased platform for facilitating sharing of best practices, for deliberating on emerging issues, and for articulating multi-stakeholder perspectives, related to Banking and Finance.

Knowledge Resources

IBS Hyderabad has a large team of full-time faculty members drawn from diverse fields, most of them being doctorates, with a unique blend of rich academic, research and industrial experience. Our faculty members are also involved in case development, management research and consultancy.

The library is well-equipped with latest software packages, books, CDs, videos, Indian and International journals/magazines and research reports. IBS subscribes to several academic online databases like EBSCO and Emerald Management Xtra, World Development indicators, Prowess/Accord, Reuters, Business Insights and Marketline. : The campus provides the latest hardware and software infrastructure, State-of-art computer lab with high speed internet to cater to all the computing needs of the students.

Education Methodology

Our pedagogy is student-centric. It is designed to create an enhanced learning experience at every stage.

- ▶ Classroom instruction
- ▶ Courseware for independent study
- ▶ Assignments
- ▶ Lab Sessions
- ▶ Language Development Sessions
- ▶ IT Training
- ▶ Soft Skills
- ▶ Seminars on current topics
- ▶ Internships
- ▶ Projects
- ▶ Continuous Evaluation

Case-Based Learning

IBS[®]

ICFAI BUSINESS SCHOOL

The case method is a key component of the academic program at IBS, which is one of the few institutions in India that have made case-based learning a critical component of pedagogy.

Almost all the courses at IBS are taught through case studies - the case studies being tailor-made to the requirements of different areas and topics. Student evaluation is based on class participation and written reports. Students go through the cases individually, discuss in small groups and participate in the case discussion in the class. Both Indian and international case studies are used extensively.

IBS, Hyderabad has an in-house Case Research Center that develops case studies on contemporary topics. These case studies based on Indian and International organizations are used extensively in the programs at IBS Hyderabad. IBS case studies have won recognition at various international case writing competitions. More than 300 case studies from the Case Research Center have featured in international textbooks like Crafting & Executing Strategy: The

Quest for Competitive Advantage: Concepts and Cases, 21st Edition (McGraw-Hill Education), Strategy: An International Perspective (Cengage Learning, USA), International Management: Managing Across Borders and Cultures, Text and Cases, 9th Edition (Pearson, USA), Exploring Corporate Strategy (Financial Times/Prentice-Hall), Strategic Management (Thomson Learning), Strategic Management: A Casebook (Ivey Publishing), International Business (McGraw-Hill Irwin), Strategic Management Competitiveness and Globalization: Concepts and Cases (Thomson Southwestern), Strategy: An International Perspective (Cengage Learning - Europe, Middle East & Africa [EMEA]).

In addition, IBS Hyderabad has a licensing arrangement with Harvard Business School Publishing to use HBS cases.

Users of IBS Case Studies

Cases developed by IBS Case Research Center are used by 890 institutions in 90 countries. The following is a partial list of regular users of case studies developed by IBS faculty:

- ▶ IESE Business School, Switzerland
- ▶ Loyola Marymount University, USA

"I would like to congratulate ICMR on the excellent selection of cases available for students, professors and authors. The selection encompasses cases with a range of geographic locations, business topics, and cultural issues. I have been particularly pleased with the willingness of the ICMR case authors to update and tailor cases to my needs."

– **Helen Deresky,**

Professor Emerita, State University of New York, Plattsburgh, NY; Author of *International Management: Managing Across Borders and Cultures*, 7ed. (Upper Saddle River, NJ: Prentice Hall, 2011).

Case Research Center

The Case Research Center (CRC) is a center of excellence at IBS, Hyderabad developing high quality internationally benchmarked case studies. The case studies are marketed under two brands – IBS Center for Management Research (ICMR) and IBS Case Development Center (IBSCDC). A dedicated and dynamic team works toward fulfilling the institution's mission of developing high quality case studies.

- ▶ IBS is the third largest contributor of cases to The Case Centre repository next only to Harvard and INSEAD B-Schools.
- ▶ The No. 1 Best selling author of Management case studies is from IBS. Late Dr. Debapratim Purkayastha claimed the position for three consecutive years – a list dominated by Harvard, Stanford, INSEAD, etc.
- ▶ Late Dr. Debapratim Purkayastha also won the 'Outstanding Contribution to the Case Method' in 2015 – A lifetime achievement award only won by select professors from Harvard, INSEAD, London Business School, IMD and Ivey School of Business. He also received the "Faculty Research Award" from the Union Minister of HRD, Government of India, Shri Prakash Javadekar, for his contribution to Case Research.
- ▶ The UK-based The Case Centre Impact Index 2023, an annual ranking of 50 organisations based on the global reach and impact of their case writing, has placed ICFAI Business School second in the Index, next only to Harvard Business School.
- ▶ IBS is the third largest contributor of cases to The Case Centre repository next only to Harvard and INSEAD B-Schools.
- ▶ IBS Cases were taught in more than 890 B-Schools across 90 countries in the world.

CRC distributes its case studies through the two websites:

www.icmrindia.org and www.ibscdc.org

- ▶ Foundations of Marketing, 8th edition, Dale Beckman, John Rigby, Thomson Nelson, Canada, 2003.

Placements

IBS Hyderabad has an impeccable track record of achieving excellent placements every year, with top companies visiting the campus to recruit our students. Our rigorous curriculum is designed to train our students to acquire talent in multiple disciplines and their choices of careers also reflect the same. Our students find careers in various sectors including banking, and financial services, FMCG, technology, media, research, sales and marketing, legal practice, business contracts etc.

Internships and Projects

Internships and Projects are institutionalized as very important processes that provide a platform where the students handle real-life projects. It provides hands on experience in the chosen areas of interest and helps the students to apply theories and concepts learnt in the classroom in real life situations. Our internships mould students into effective managers.

ICFAI BUSINESS SCHOOL ADVANTAGE

The NJY Library is well-equipped with the latest software packages and a comprehensive collection of books, CDs, videos, Indian and international journals/magazines and research reports, relating to management and allied subjects. ICFAI Business School subscribes to several academic online databases like EBSCO and Emerald Management Xtra, which are the storehouses of around 3000 leading journals in all areas of management. IBS also subscribes to industry databases like the World Development Indicators, and the CMIE's databases Prowess/Accord. In addition, IBS subscribes to business and research oriented online databases like Reuters Business Insights and Marketline.

Pedagogy It is student-centric and designed to create an enhanced learning experience in every stage.

Continuous Learning The program offers students an opportunity for continuous learning, so that their knowledge and skills remain current and relevant.

Classroom Sessions Students receive regular classroom instruction, which help them to learn and internalize their understanding of subjects.

Case based Learning Most of the courses are taught through real life cases, designed to help students appreciate real life situations.

Curriculum Students are exposed to the latest body of knowledge through the contemporary, market-oriented curriculum.

Projects Students are encouraged to take up projects on contemporary topics as part of their independent study.

Student Centered Learning IBS uses learning outcomes which focus attention on explicit and detailed statements of what students learn: the skills, understanding and abilities students seek to develop in them. IBS then uses rubrics to assess the learning.

Using Rubrics Rubrics are tools used to assist in the measurement process. Rubrics define the various levels of each of the components of learning in a measurable way. Rubrics assist both the student and the faculty to clearly identify and measure the learning outcome. IBS uses Rubrics for assessing the soft skills and internships.

Continuous Evaluation Students are evaluated on the basis of tests, home assignments, case analysis, seminars, projects, etc., continuously throughout the duration of the program.

Computing Facilities IBS provides the latest hardware and software infrastructure including high speed internet to cater to all the computing needs of the students and the training requirements of the information technology courses. The entire campus is Wi-fi enabled.

Soft-skills The compulsory soft-skills course, provides students the opportunity to develop their personality and hone their interpersonal skills. IBS has appointed full time qualified professional counsellors to assess

the psychological profile of students and help them achieve attitudinal changes required for today's dynamic corporate life. The counsellors conduct relevant psychometric tests and give constructive feedback and identify opportunities for improvement.

Strong Industry Interface

IBS has a strong, active and growing interface with business and industry, with experts from a range of leading companies delivering regular guest lectures, and serving as members of various advisory boards.

Student Activities

Students organize and participate in extra-curricular activities such as sports, games, social and cultural events and also celebrate different regional festivals. Students organize seminars on contemporary management issues, arrange guest lectures and participate in inter-business school competitions.

Campus Life

Our campus is designed to stimulate learning and creating a positive experience for our students. Since memories from college remain forever in our minds, we have made extra efforts to ensure that the campus provides for great interaction between students, faculty members and everyone who comes in contact with the student community on campus. Campus also features extensive interaction spaces, communication centers, academic blocks and cafeterias which serve tasty, hygienic food.

Faculty Profiles@HYDERABAD

Dr. G. Geethanjali

M.A (English), M.Ed, MPhil, PhD
Soft Skills

Dr. Geethanjali teaches and trains students and has 25 years of experience. Her areas of interests include Business Communication, Soft Skills, Career Management, English Language and Literature. She conducts workshops for engineering students, pre-service and in-service teachers, corporate training and is the guest faculty for IGNOU, Hyderabad. She attended nearly twenty conferences and workshops both National and International and presented papers and published articles in books and journals of repute.

Prof. Vasundhara T

M.Com., PGDM (PM&IR), ISTD
Soft Skills

Prof Vasundhara is a University rank holder. She conducts training and workshops for in-service and pre-service teachers and is the guest faculty of English and Soft skills at IGNOU and N.G.Ranga Agricultural University. She has presented papers and organized National and International seminars and workshops. She has an experience of 19 years in academics and 5 years in corporate training.

Prof. Mahesh Kumar Soma

MBA, Ph.D
Soft Skills

Prof Mahesh Kumar has an experience of 18 years in FMCG industry and 22 years in teaching. He teaches Soft Skills and Business Communication. He conducts guest lectures at reputed national institutions like National Academy of Construction, NIMSME (National Institute of Micro, Small & Medium Enterprises), NFC (Nuclear Fuel Complex), NALSAR, ESCI (Engineering Staff College of India) and workshops & MDPs (Management Development Programs) for corporates.

Prof. Chethana G Krishna

BE (EEE), PGDBM, PGDCEHR
Soft Skills

Prof Chethana has over 13 years of experience in handling training and development activities, management development programs, soft skills, behavioral skills, Americanisms, English language labs, in organizations and B-Schools. She has handled and implemented innovative training activities and was instrumental in preparation of project reports, and conduction of seminars. She has published articles in career guide magazines and national journals.

Prof. Sindhu Ravindranath

MBA (HR & Marketing), PhD (Pursuing)
Soft Skills
